Grand Strand Medical Center

# Welcome to the Family Medicine Residency Program at Grand Strand Medical Center

The Family Medicine Residency Program at Grand Strand Medical Center is part of the HCA Healthcare Graduate Medical Education network.

HCA Healthcare is the nation's leading provider of quality, patient-centered care. We are also the leader in graduate medical education, all brought together by a single mission:

# Above all else, we are committed to the care and improvement of human life.

ACGME ID: 1204500669

You are in reach of Myrtle Beach! As a relatively new Family Medicine residency program in our fourth year of training family physicians, we put your education first. We have full half-day block didactics weekly where specialists, core faculty and your colleagues give lectures on topics outlined by the AAFP. Our new GME building is outfitted with a state-of-the-art simulation lab where we have monthly simulation activities and procedure workshops. As is the case with all Family Medicine residencies, you will have one Quality Improvement project and one Scholarly project that you will be required to complete. However, what is unique about our program is that you will work one-on-one with both a research coordinator and a faculty member who will guide you through the process. We have new and seasoned energy-filled faculty members who are excited about teaching and working hard to improve the program in all facets. We are attentive to our resident colleagues' input and strive to improve the program based on your feedback.

At our hospital and newly-built clinic, you will work with a multidisciplinary team including dieticians, physical therapists, medical students, and other residency departments. Our residents are a great group of individuals who work as a team; we consider our residents as one of our great strengths.

We are looking for candidates who will continue to promote this positive atmosphere. Myrtle Beach has a great mix of being both a charming coastal community and a growing major metropolitan area.

# **Our Faculty**

J. Burton Banks, MD, FAAFP
Program Director

 I began my medical career at the age of 3, after watching Marcus Welby, Family Doctor on my grandmother's black and white television. While the quality of my stethoscope has improved from the plastic version in my first Doctor's Kit, my passion for Family Medicine has remained strong.

Anthony Shadiack, DO, CAQSM

Associate Program Director

 I come from a family of Family Medicine physicians, including my father, brother and sister. My wife, a teacher, and I believe education is a key to success. I am passionate about teaching both my resident colleagues and my patients.

**Sean Gibbs, MD**Core Faculty

 I first moved to Myrtle Beach about 15 years ago and have worked as a hospitalist at Grand Strand. In my years of practicing medicine, nothing has come close to being as rewarding as teaching our residents and watching them grow both professionally and as people.

### Lisa Wright, MD

Core Faculty

A healthy balance of work and family is key to living our best life! I
desire to help patients and resident physicians have the best quality
of life. Every day is an opportunity to be better than we were
yesterday and as family physicians, we should emulate this principal.

# **About Our Program**

# **About Our Hospital**

# Grand Strand Medical Center Myrtle Beach, SC

Grand Strand Medical Center is a 371-bed acute care hospital serving residents of Horry and surrounding counties. Our hospital offers the only cardiac surgery program, neurosurgery program and pediatric intensive care unit (PICU) in Horry and Georgetown counties and is a designated Level I Adult Trauma Center and Level II Pediatric Trauma Center by South Carolina DHEC. Our hospital is also the only Comprehensive Stroke Center in the service area, certified by DNV-GL. You will be exposed to a broad range of pathology to provide you excellent training while learning evidence-based care approaches with a focus on high quality, efficient and safe patient-centered care.

**Grand Strand Medical Center** is recognized by the Joint Commission, a leading accreditor of healthcare organizations in the United States, for the following programs: chest pain, knee and hip replacement, and sepsis. In addition, we have received awards from the American Heart Association for our treatment of heart attacks and stroke.

North Strand ER is a 24-hour emergency department located in the North Myrtle Beach area.

South Strand Medical Center features a 24-hour emergency department, imaging, lab and a wound care program.

The Advanced Wound Center is an outpatient facility for the treatment of chronic non-healing wounds and hyperbaric technology.

**The Breast Care Center** provides outpatient diagnostic services including X-ray, CT scan and ultrasound. A dedicated women's center provides digital mammography (including 3D), breast education, bone densitometry, ultrasound and x-ray services.

Carolina Forest Imaging Center offers outpatient procedures including CT scan, MRI/Breast MRI and digital mammography (screening).

**HealthFinders** is Grand Strand Health's community health information resource center, located in the Coastal Grand Mall. This facility offers a wide range of seminars, hospital and health information, free and no-cost health screenings, wellness classes and special events.

**Grand Strand Medical Center** 

809 82nd Parkway | Myrtle Beach, SC 29572

## Awards, Accreditations and Certifications

Grand Strand Health is a multi-facility health system located on the coast of the Grand Strand community and has facilities throughout the region to provide quality, convenient healthcare. Our awards and recognitions include:

- American College of Surgeons Verified Level 1 Adult Trauma Center Designated by SCDHEC
- Level II Pediatric Trauma Center Designation by SCDHEC
- DNV-GL Certified Comprehensive Stroke Center
- Pediatric Ready Hospital Recognition by SCDHEC
- College of American Pathologists (CAP) Accreditation for GSMC, SSMC and NSER Labs
- CNOR Strong designation
- Leapfrog Safety Score Straight A's Fall 2018 through Spring 2021
- IBM Watson Top 50 Cardiac Hospital 2021
- IBM Watson #9 Teaching Hospital in the U.S.
- Blue Cross Blue Shield BlueDistinction Award for Cardiac Care & Maternity Care
- National Certified Gold Safe Sleep Leader Award by Cribs for Kids
- AHA Get with the Guidelines Gold Plus:
  - Stroke Target Stroke Honor Roll Elite Plus
  - Advanced Therapy
  - Target: Type 2 Diabetes Honor Roll
- Joint Commission (TJC) Certified:
  - · Chest Pain Center
  - · Sepsis Center
  - Knee Replacement & Hip Replacement
- SCHA Certified Zero Harm Award
- American College of Radiology Accreditation for Radiation Oncology, US, MRI, CT, NM and Breast Imaging
- Outstanding Performance Award from the South Carolina State Healthcare Coalition for Healthcare Emergency Management
- Healthgrades Quality Awards:
  - America's 250 Best Hospitals
  - Patient Safety Excellence Award 2017-2021
  - Among Top 5% in the Nation for Patient Safety 4 Years in a Row
  - Among Top 5% in the Nation for General Surgery 2021
  - One of Healthgrades America's 100 Best Hospitals for Orthopedic Surgery in 2020
  - One of Healthgrades America's 100 Best Hospitals for Spine Surgery in 2020-2021
  - One of Healthgrades America's 100 Best Hospitals for General Surgery in 2021
  - Five-Star Recipient for Treatment of:
    - Stroke 2021
    - Heart Failure 2021
    - Defibrillator Procedures 2021
    - Pneumonia 2021
    - Sepsis 2021
    - Diabetic Emergencies 2021
    - Pacemaker Procedures 2020-2021
    - Respiratory Failure 2020-2021
    - Total Hip Replacement 2018-2021
    - Colorectal Surgeries 2021
    - Bowel Obstruction 2021
    - Spinal Fusion Surgery 2020-2021

# Graduate Medical Education Simulation Center

#### State-of-the-Art Simulation Center

Simulation is an integral component of medical education at the undergraduate and graduate levels. It allows residents to experience difficult, dangerous or uncommon events in a safe, reproducible and controlled environment where learning is maximized and patient care is not affected. Simulation also allows residents to practice their task-related skills to optimize real life performance, leading to improved outcomes. Key points about Grand Strand Health's Simulation Center:

- Mission: To improve patient safety, quality of care, and clinical outcomes by integrating medical simulation based education for all residents, physicians, and clinical staff at Grand Strand Medical Center.
- Provides ongoing training for all our residency programs, and spans entire length of training.
- Two fully operational simulations rooms and a dedicated skills lab to include high and low fidelity simulation as well as robotic VR simulation.
- Simulation scenarios specialized for each of our residency programs Each program has dedicated time each week/month for residents to share the learning experience.

#### **Simulation Center Team**

- Director of Simulation: Jilian Sansbury, MD, FACP
- Simulation Coordinator: Christopher Bryant, NRP, CHSE

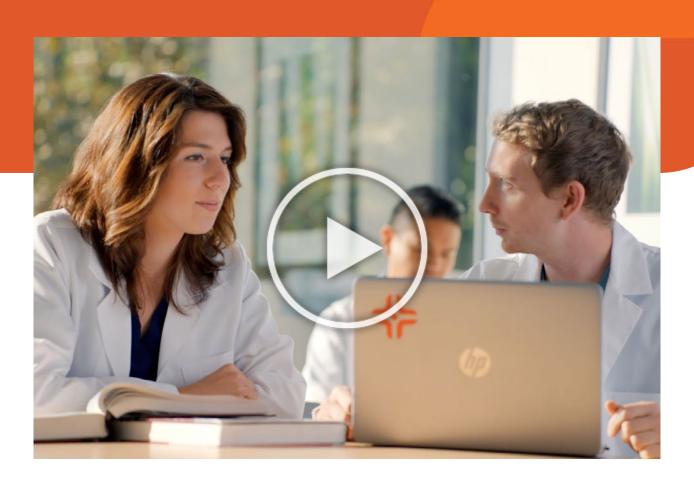

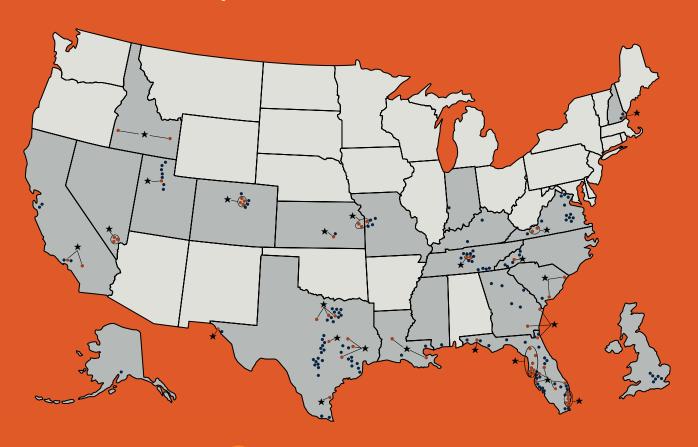

# **About HCA Healthcare GME**

HCA Healthcare is a comprehensive healthcare network with over 275,000 colleagues across more than 2,000 care facilities all committed to creating a positive impact every day. We continually invest in our colleagues and facilities to better serve our patients and local communities. The Graduate Medical Education (GME) programs seek to inspire tomorrow's physicians to care for and improve human life by focusing on patient-centered approaches to practicing the latest evidence-based medicine.

To learn more about the benefits and expectations of training with an HCA Healthcare program, view our Resident and Fellow Manual.

# Our residency and fellowship programs are in 59 hospitals located in 16 states

- ⊗ Residency or Fellowship Program
- HCA Healthcare Hospital

#### Size

HCA Healthcare Graduate Medical Education is the largest sponsor of residency and fellowship programs across the nation.

# **4,637** residents

#### 289 fellows

# 218 specialty programs (residencies)

# **79** sub-specialty programs (fellowships)

# **Scholarly Activity**

HCA Healthcare Graduate Medical Education provides a critical link between vigorous scholarly activity and realworld patient care from a sophisticated data repository of more than 32 million patient encounters each year.

**2,500+** HCA Healthcare GME scholarly activities in 2020-21.

### **Clinical Training**

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

**32+ million** patient encounters **7.4 million** emergency room visits **215,000+** babies delivered

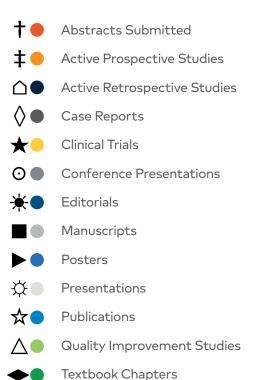

HCA Healthcare Graduate Medical Education is a leader in clinical experience.

- Nationally known physician expertise across the country
- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

# A commitment to scholarly activity

Based on more than 32 million patient encounters each year, our scholarly activity bridges the gap between compelling evidence and exceptional patient care.

Our experiential learning is rooted in evidence-based medicine that leads to innovative, real-world patient health solutions.

Merging the rigor of **ACGME** accreditation with high patient touch, our residents and fellows deliver evidence-based care that demonstrates our mission to care for and improve human life.

We offer **National Grand Rounds** that leverage accomplished clinical expertise from across HCA Healthcare, bringing the nation's leading medical experts to our residency and fellowship programs.

#### **Notable Publications**

- JAMA Internal Medicine
- Annals of Surgical Oncology
- CHEST Journal
- American Journal of Respiratory
   & Critical Care Medicine
- Obstetrics & Gynecology

#### **Notable Presentations**

- American College of Cardiology
- Society of Critical Care Medicine
- American College of Physicians
- Society of Hospital Medicine
- American College of Surgeons

# Influential Collaboration

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated researchers to guide them through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

#### **HCA Healthcare Scholarly Commons** is

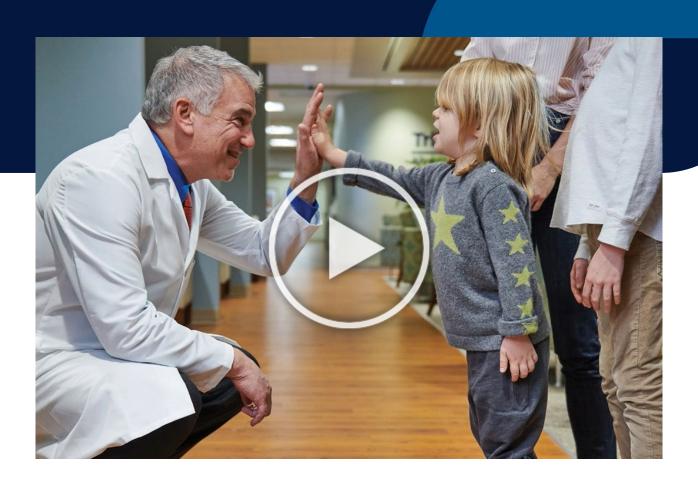

a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. During 2020, readership of those works eclipsed the 25,000 mark. Included on this platform is the

#### HCA Healthcare Journal of Medicine,

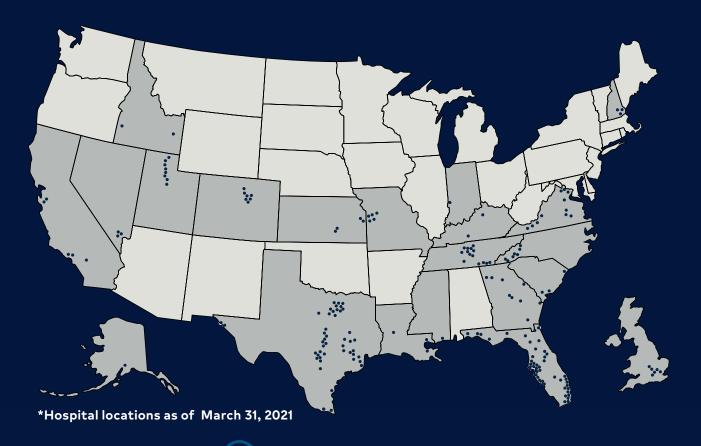

a peer reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients. In its first year of publication, the journal disseminated 86 articles in six issues as well as a seventh special issue on the COVID-19 pandemic.

# **About HCA Healthcare**

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 20 states and the United Kingdom. With its founding in 1968, Nashville-based HCA Healthcare created a new model for hospital care in the United States.

# 186 hospitals and more than 2,000 sites of care located in 20 states and the United Kingdom

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 20 states and the United Kingdom.
